

To:

Mrs. Kemisola Bolarinwa

19th November, 2025

Dear Mrs. Kemisola,

I trust you're doing well, and your day is going great.

This letter is an official invitation to have you as our first guest speaker at Your Favourite Engineer for our end-of-year webinar.

The webinar is set to take place on the 14th of December at 4pm WAT, and the theme is
Engineering Impact: Innovating for Health, Humanity, and the Future.

What we're trying to do is to help attendees (members and non-members of Your Favourite Engineer) understand the peculiarities of being a founder, an engineer, and a founder in engineering as well.

We'd love for you to share your journey with us;

- Why did you study engineering?
- What made you decide to start a company?
- Starting a company involves a lot of business knowledge. How were you able to balance that with your love for engineering?, e.t.c.

1 hour 45 minutes has been allocated for the webinar.

Introduction and pleasantries will take place in the first 10 minutes, your session will last for 50 minutes, and the last 45 minutes will be for questions and answers.

Once again, we are very grateful to you for honouring our invitation, Ma'am.

We look forward to having you.

Best regards,

Princess Bamigboye
